### Sobel & Co. Offers CLE Programs for Law Firms

Livingston, NJ. In a continuing effort to address the needs of the attorneys in New Jersey, Sobel & Co., has added Certified Legal Education credits to its well-regarded Lunch 'N Learn Program for attorneys in the state.

"We were glad to have been amongst the first to have met all the requirements in order to offer these credits for our programs - now that New Jersey is requiring CLE," said Darryl Neier, Principal in Charge of the firm's Fraud and Forensic Services Group. "Having gained Approved Provider Status from the Supreme Court of NJ, Board of Continuing Legal Education, we can combine a range of topics and CLE credits to add real value for the firms," he concluded.

Sobel & Co. has taken the Lunch 'N Learn program 'on the road,' visiting law firms, offering a one-hour session on issues of relevance to them, and providing lunch. The topics offered that are CLE approved are:

- Supportive Electronically Stored Information (ESI) for Litigation (approved for NY CLE as well)
- Corporate Internal Investigations – What Internal and External Counsel Need to Know
- Understanding Financial Statements – What Every Attorney Should Know

"Additional topics will be added over the next few months," Neier added, "which will enable us to continue delivering the cutting edge topics that the firms are most concerned about."

The state has been considering making CLE mandatory for attorneys, much as it is in New York and other surrounding states, for some time. The court has now taken the final steps to implement this into a formal process.
